EDUCATION

Boston Architectural College
Bachelor of Architecture, 2002

Philadelphia University
Bachelor of Architecture, 1995

REGISTRATION

Pennsylvania

Amanda joined the firm to play a key role on our healthcare design team. She holds a Bachelor of Architecture degree from Boston Architectural College.

She spearheaded the construction administration of our award-winning Esperanza Health Center project, the adaptive reuse of a 30,000 square foot 1925 bank building as a comprehensive neighborhood primary care facility. She has served as Senior Project Architect on two projects for Grand View Health, and is currently leading projects for Vybe Urgent Care, several projects for Trinity Health Mid-Atlantic and the Challenger Center at Montgomery County Community College.

Amanda is responsible for monitoring the firm's high production standards and quality assurance reviews.
