Philadelphia University – Guest Juror

Amanda Brahler joined the firm in 2018 to play a key role on our healthcare design team and expand our higher education projects. She holds a Bachelor of Architecture degree from Boston Architectural College and has been a registered architect since 2013.

She spearheaded the construction administration of our Esperanza Health Center project, the adaptive reuse of a 30,000 square foot 1925 bank building as a comprehensive neighborhood primary care facility. This comprehensive primary care facility won awards from the Preservation Alliance for Greater Philadelphia, Pennsylvania AIA, and from Building Design + Construction. She has led two projects for Grand View Health, multiple Vybe Urgent Care projects, several projects for Trinity Health, Montgomery County Community College and Philadelphia College of Osteopathic Medicine. She is currently working on projects for Delaware Valley Community Health and Ursinus College. Amanda is responsible for monitoring the firm's high production standards and quality assurance reviews.

Amanda lives with her husband Michael and three children in Abington, PA where she is active in the local PTO, her daughters' Girl Scout troops and in the Redeemer Valley community garden.
