

SELECTED PROJECTS

McDowell Dental Jenkintown, PA

This project is a fitout of 2500sf space on the 3rd floor of a building in suburban Philadelphia. The renovation includes seven treatment/hygiene rooms along with the associated support spaces that include sterilization, lab, and imaging rooms.

The Carriage House Philadelphia, PA

Renovation and restoration of an historically certified full-block residential building converted to student housing on the Drexel University campus. The reconfigured floor plans provide 165 apartments ranging from studios to 3-bedroom units. The restoration includes the exterior masonry, windows, roof, and porches.

JOHN BACALHAU Intern Architect

EDUCATION

Drexel University
Philadelphia, PA
Bachelor of Architecture, 2025

John joined Brawer Hauptman + Larkin in 2022 as a current Drexel student in the 2+4 Architecture Program. He is a part-time student while working full-time as a member of the BH+L staff. After he graduates in 2025, he plans to obtain his Architecture license.

Outside the office, John enjoys watching soccer, movies, and traveling. He often travels to Portugal to visit family and to other countries abroad. Currently, he resides in Philadelphia's Chinatown neighborhood as he finishes his degree.
